PRESIDENT HAS CONFIDENCE

Washington, April 14—President Hard-ing has the utmost confidence in the integ-rity of Governor E. Mont Relly of Porto Rico it was said today at the White House. The executive, it was added, does session as serious, although it was said there have been some irritating features in connection with recent developments there involving Governor Relly and other officials.

IN GOV. E. MONT REILY

The president said he would be greatly

ed to the world.

The president's letter bearing the date

The president's letter bearing the date of today, follows:

"My Dear Congressman Longworth: I have to acknowledge your letter of inquiry addressed to me on the tenth instant. If I were to address the congress formally I could say only what I have already sald informally because I am well persuaded that it is not wise to make so deasite a cut in the navel according to drastic a cut in the naval appropriations as has been preposed on the measure now pending in the large. "I do not doubt the good faith of the committee majority in believing a suitable may can be maintained under the limi-

effor to deesen the cut in governmental expenditures. At the same time I must believe in the good faith of the may department and our naval advisers who way very emphatically that it is impossible to maintain, within the processed approxim-

conference and which standard we have proclaimed to the world.

"Of course, the decision must lie with the congress, but I should not be fram in reclying to your in-ulry if I did not say that I shull be arrestly disaccointed, and I believe the country will be greatly disaccointed, if the appropriation, to which the navy must and will adhere, is reduced to the police assert.

Another robbery was added to the long the long that the robbery was added to the long that the robber was added to the robber was added to the long that the robber was added to the

security ought to be more firmly establish ed before going beyond the limitation to which we were gladly committed at the

international conference, "Very truly years, in "WARREN G. HARDING."

HARDING PLACES TABIFF AHEAD OF SOLDIER BONUS Washington April t 14 - Presiden Harding was declared today at the White House to be of the opinion that tariff leg-islation should be given precedence in the Although it was made clearn that the president had received no request from re-

publican leaders in the senate for advice as to which measure should be taken up first, it is understood that the views of both the chief executive and the senatorial leaders coincide in this respect. Under present plans the tariff will be taken up in the senate next Thursday while the finance committee takes up the bonus bill with the possibility that it may make radical changes in it as it was passed by the house. When the bonus measure has been reported to the senate it

will be taken up for consideration during talls in the tariff dobate. The boaus hill is expected to be ready for senate considration in about a fortnight. MILITARY PREPAREDNESS DISCUSSED IN COMMITTEE

Washington, April 14 (By the A. P.) .-The question of military preparedness arose today in the senate appropriations committee during its consideration of the army appropriation bill. Discussion of the subject was brief, but senators said the subject was brief, but senators said of delaying letters and stealing the canthe question of a national policy had grown out of the fight over the house refluction in the size of the army.

Major General J. G. Harbord, deputy letters addressed to the Pelton Publish-

Major General J. G. Harbord, deputy chief of staff, and Brigadier General Wilkiam Lassiter, in charge of military operations and training, appeared before the committee to present the war department's views on the subject of the house cut, the former insisting that the organization was strained to the breaking point now under the forced reduction of a year ago, and the latter describing the plan adopted by the Gepartment for "building up at low expense" the forces the force was continued.

BRYAN ADDRESSED MEDILE. equired in a national emergency, "If provision is not made for 150,000 hen," said General Harbord, "then we

cheral Harbord declared that the United

States would have saved much money upon which it is now paying interest if

had been properly prepared for the ar. The work done by the American irmy, he said, was at extraordinary ex-tense and "would have availed nothing and not gallant little France head the ine until we got our machinery going."
